

# Earnings and Results Disclaimer: DigitalProductDrop

*Last Updated: February 24, 2026*

DigitalProductDrop is a brand owned and operated by JackDoesDigital LLC (the "Company," "we," "us," or "our"). This Earnings and Results Disclaimer governs your use of the DigitalProductDrop website (the "Site") and the AI-powered digital product generation services provided therein (the "Services").

## 1. No Guarantees of Earnings

By using the Services, you acknowledge and agree that JackDoesDigital LLC makes no guarantees, promises, or projections regarding your future earnings, business profits, or success as a result of using the DigitalProductDrop system. We do not portray our Services as a "get rich quick" scheme or a guaranteed path to financial independence.

Any testimonials, examples, or case studies found on our Site or marketing materials are illustrative of what is possible, including references to creating and launching a product quickly (e.g., "selling tonight"); however, they are not intended to represent or guarantee that any current or future user will achieve the same or similar results, and they are not a guarantee of financial results. Your success depends on your marketing efforts, your audience, and the quality of your original idea, as well as various other factors, including your individual effort, business experience, niche selection, and market conditions. JackDoesDigital LLC makes no claims or guarantees regarding potential earnings or the popularity of any product generated through the platform.

## 2. Nature of the Service

DigitalProductDrop is a tool for product creation, not a business-in-a-box. We provide the assets and content based on your idea. DigitalProductDrop provides AI-generated content, including but not limited to course lessons, PDF exports, marketing assets, and listing copy (the "Output"). While the Product Drop System™ is designed to remove execution bottlenecks and streamline the creation process, the Output is provided on an "as-is" and "as-available" basis.

The AI generates content based on the inputs you provide. The Company does not guarantee the accuracy, completeness, or marketability of the Output. It is your responsibility to review, edit, and verify all AI-generated content for accuracy, quality, and compliance with the terms of the platform where you intend to sell the product (e.g., Gumroad, Etsy, Shopify, Kajabi, etc.).

## 3. Individual Responsibility

The economy, the digital marketplace, and technology are constantly evolving. The success of a digital product requires ongoing marketing, customer service, and strategic positioning. JackDoesDigital LLC provides the foundational assets to launch a product, but we do not provide traffic, customers, or sales for your specific product drop.

You are solely responsible for:

- The legal compliance of the products you sell.
- The accuracy of the information presented in your digital products.
- The marketing and distribution of your downloaded product bundle.
- Any taxes or fees associated with your business operations.

#### **4. Forward-Looking Statements**

Information found on this Site or in the Output may contain "forward-looking statements" within the meaning of the Securities Litigation Reform Act of 1995. Forward-looking statements give our expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historical or current facts. They use words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," and other words and terms of similar meaning in connection with a description of potential earnings or financial performance.

Any and all forward-looking statements here or on any of our sales material are intended to express our opinion of earnings potential. Many factors will be important in determining your actual results and no guarantees are made that you will achieve results similar to ours or anybody else's.

#### **5. No Professional Advice**

The information and Output provided by DigitalProductDrop are for educational and informational purposes only. JackDoesDigital LLC does not provide legal, financial, or professional business advice. You should consult with qualified professionals (such as accountants or attorneys) before making significant business decisions or launching a new commercial venture.

#### **6. Third-Party Platforms**

DigitalProductDrop is an independent service. We are not affiliated with, endorsed by, or partnered with Kajabi, Gumroad, Beacons, Etsy, Shopify, or any other third-party marketplace. We cannot guarantee that the Output generated by our system will meet the specific formatting or community guideline requirements of these external platforms, as their terms and algorithms are subject to change without notice.

#### **7. Limitation of Liability**

To the maximum extent permitted by law, JackDoesDigital LLC and its officers, employees, and agents shall not be liable for any direct, indirect, incidental, or consequential damages resulting from your use of the Site or the Services, including but not limited to business interruption or loss of profits.
