

Privacy Policy: DigitalProductDrop

Effective Date: February 24, 2026

DigitalProductDrop (the "Service"), operated by **JackDoesDigital LLC** (the "Company," "we," "us," or "our"), is committed to protecting your privacy. This Privacy Policy explains how we collect, use, disclose, and safeguard your information when you visit our website and use our AI-powered digital product generation services.

By using DigitalProductDrop, you consent to the data practices described in this policy.

1. Information We Collect

DigitalProductDrop collects the following categories of information:

- **Contact Information:** Email address used for product delivery and order-related communications.
- **Project Data:** Your responses to our "4 simple questions" (including information about your topic, audience, and style) used to generate your digital product.
- **Payment Information:** Payments are processed via secure third-party payment providers (e.g., Stripe). We do not store your full credit card or bank account details on our servers. The provider may share limited information with us, such as transaction identifiers and payment status.
- **Cookies and Session Data:** We use cookies (and similar technologies) to manage your dashboard experience and maintain your purchase session.

2. How We Use Your Information

We use the collected data solely to (a) generate and deliver your digital product and (b) communicate with you about your order. Specifically:

- **Service Fulfillment:** To generate your digital product using your Project Data.
- **Product Delivery:** To deliver your completed product to the email address you provide.
- **Order Communications:** To send transactional communications related to your purchase (e.g., confirmations, delivery notices, and support responses).

3. AI Processing and Data Intellectual Property

DigitalProductDrop utilizes artificial intelligence and machine learning models to generate content.

- **Processing:** Your inputs are processed by third-party AI providers (such as OpenAI or Anthropic) to create the text, images, and marketing kits.
- **Ownership:** Per our Terms of Service, the generated assets provided in your "Product Drop" are yours to download and sell. We do not claim ownership of the final generated content.
- **Training:** We do not sell your specific product ideas to third parties.

4. Data Sharing and Disclosure

We do not sell your personal data. We may share information with:

- **Service Providers:** Third parties who perform services for us, such as hosting providers, email delivery services, AI model API providers, and payment processors.
- **Legal Requirements:** If required by law, subpoena, or if we believe such action is necessary to comply with the law or a legal request.

5. Data Retention

We retain your generated product data for a limited period (typically 30 days) to ensure you have successfully downloaded your bundle and to facilitate any included revisions (e.g., the one revision included in the Starter Pack). Following this period, generated assets may be deleted from our active servers. Your email address is retained to maintain your account history and for marketing communications unless you opt out.

6. Security of Your Information

We implement industry-standard security measures, including SSL encryption, to protect your data during transmission. While we strive to use commercially acceptable means to protect your personal information, no method of transmission over the Internet is 100% secure.

7. Your Rights and Choices

Depending on your location (e.g., California or the EU), you may have the following rights:

- **Access/Correction:** The right to request copies of your data or correct inaccuracies.
- **Deletion:** The right to request that we delete your personal information.
- **Opt-Out:** The right to unsubscribe from marketing emails via the "Unsubscribe" link in our communications.

To exercise these rights, please contact us at the email address provided below.

8. Cookies and Tracking

We use cookies to enhance your experience, remember your session, and analyze site traffic. You can manage cookie preferences through your browser settings; however, disabling cookies may affect the functionality of the product generation dashboard.

9. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. We will notify you of any changes by posting the new policy on this page and updating the "Effective Date" at the top.

10. Contact Us

If you have any questions about this Privacy Policy or our treatment of your data, please contact:
